

## Heidi Heiland and Wayzata Lake Effect:

The city of Wayzata has embarked on an exciting journey to create an enhancement plan for the city's most important and enduring assets – its relationship to Lake Minnetonka. The Wayzata Lake Effect initiative is developing a 10-year plan for the lakefront. Heidi's roles are many on this committee.

She has built her business creating and tending lakeshore gardens. Now Heidi is committed to protecting those lakes in part through her work on the Lake Effect – Wayzata.

For her outstanding vision and community commitment to Wayzata and its beloved lakefront, Heidi is well deserving of the Club Civic Improvement Award.
